THE LATEST.
The Democratic seventh congressional district was nominated by P. Kimball candidate for Congress on the first ballot. The nomination was made unanimous before the announcement of the vote could be made by the secretary, Judge Hill and W. P. Swope both withdrawing and pledging their support to the winner. Resolutions were adopted endorsing Bryan for the presidency.

Judge James Hargis yesterday testified in his own behalf in the trial of himself and Ed Callahan, charged with being accessories to the murder of James Marcum. He denied the evidence given by witnesses for the prosecution, and made only one or two slips while he was on the stand. The defense expects to put Callahan on the stand this morning, and will follow him with about thirty other witnesses.

Mrs. Blanche Collins committed suicide at an early hour yesterday morning by plunging head first from a window in the City Hospital in Owensboro. Mrs. Collins had been sent to the hospital to be treated for temporary insanity, and had made a previous attempt at suicide by leaping down the hospital steps.

William J. Bryan yesterday gave out a statement in London in which he said that he was still a bimetalist, but he did not think the silver question would be an issue in the next presidential campaign. He said other questions had forged to the front that must be dealt with by the Democratic party.

Train wreckers spiked a switch near Bear Petersburg, Ind., on the Southern railway yesterday, ditching a freight train. Three men were killed and several injured. Bloodhounds were placed on the trail of the wreckers and a posse is searching for the culprits.

J. G. Phelps Stokes, the young New York millionaire, who was a candidate of the Independence League for Borough President at the last municipal election, in a letter withdrawing from the league, announces that he has been converted to socialism.

After more than forty years, the Confederate soldiers in Gen. John H. Morgan's command, who surrendered to Gen. E. H. Hobson, of the Union army, at Mt. Sterling, in May, 1865, are receiving pay for their horses taken from them at that time.

After controlling the Republicans in Tennessee for ten years, Walter Preston Brownlow yesterday dethroned by the faction headed by H. Clay Evans. Mr. Evans was nominated for Governor and has control of the party machinery.

Printed posters with the photographs of James A. Worley and Miss N. Elizabeth Anderson, of Memphis, and giving descriptions of both, are being circulated offering a reward for the delivery of Worley to any jail in Tennessee.

The Trigg County Dark Tobacco Association yesterday declined to enter politics and disapproved a suggestion made by a Populist speaker who commended officials for failure to prosecute the tobacco trust.

W. J. Price, a cousin of William J. Bryan, yesterday announced as a candidate for the Democratic nomination for Congress in the Eighth district, and invited his opponent to meet him in joint debate.

M. B. Sams, a prominent farmer living in Estill county, killed himself by cutting his throat with a razor because he believed he had killed a woman servant whom he had struck with a hatchet.

The Courier-Journal's tour to Europe party left Louisville yesterday afternoon at 1 o'clock amid the cheers of a great crowd of people that assembled at Tenth-street Station.

Karl Shackelford Ferguson, formerly of Louisville, committed suicide in Troy, N. Y. He recently lost \$30,000 in business, which is believed to be the cause of his taking his life.

Two large stakes were decided at the Madison county fair yesterday, and Star McDonald won another victory in the saddle class.

The lower board of the Louisville General Council last night appropriated \$50,000 to secure the State Fair for Louisville.

District Attorney Jerome returns to New York from his summer home, and begins an investigation of the Thaw case.

The town of Lynnville, Ky., was destroyed by fire, the loss amounting to about \$200,000.

President Roosevelt will take no part in the Republican political situation in New York.

OTHER QUESTIONS TO THE FRONT

Bryan Says Silver Will Not Be An Issue.

Thinks Quantitative Theory of Money Vindicated.

Expects Many Recruits For Next Campaign.

WILL HAVE MORE TO SAY.

London, July 12.—William J. Bryan, having had the opportunity of reading American newspapers, consented today to discuss some of the questions which had been raised since he has become prominent as a presidential possibility for 1908. He said:

"I notice that I am now described by some as conservative, and in order that there may be no misunderstanding on that subject permit me to say that in one sense I always have been a conservative. The Democratic policies are conservative in that they embody old principles applied to new conditions. There is nothing new in principles in either of the platforms on which I stood. We were accused of attacking property when, in fact, the Democratic party is the defender of property because it endeavors to draw the line between honest accumulation by honest methods on the one side and predatory wealth and immoral methods on the other. It is to the interests of every honest man that dishonesty should be exposed and punished; otherwise the deserving are apt to suffer for the undeserving. If, however, by the word conservative they mean that I have expected no revolution on any public question or moderated my opposition to corporate aggrandizement they have a surprise waiting for them. I am more radical than I was in 1896 and have nothing to withdraw on economical questions which have been under discussion."

Change In Conditions.

"The only question we discussed in 1896 upon which there has been any apparent change is the silver question, and that has not been a change in the expected of bimetalism, but in conditions. We contended for more money and urged the free coinage of silver as the only means then in sight of securing it. The increased production of gold has brought in part the benefit we expected to secure from the restoration of silver. The per-capita volume of money in the United States is almost 50 per cent. greater now than it was in 1896, and the benefits brought by this increase have not only vindicated the quantitative theory of money, but have proven the wisdom of the gold standard as the gold standard can claim the triumph of its logic."

Open To All.

"The newspapers have been trying to create friction between what they call 'friends' and 'not friends' in politics. Those are friends who are working toward a common end, and each campaign brings to some extent a new alliance. In 1896 the party lost many great men who had been Republicans up to that time, and we welcomed them. In 1900 some came back who were against us in 1896, and we did not shut the door against them. I have no idea that the party will require tickets of admission in the coming campaign. Usually parties are so anxious to secure votes that they are not particular as to whom they admit. I do not know that we can find a better plan than the Bible plan, which admits the eleventh-hour comer to place in the vineyard and to share the reward with those who began earlier. I think this sound politics as well as sound religion, provided the new recruits come to work and not to interfere with the other laborers. But, of course, an overseer has to be selected, expecting that the new recruits will be of the best. Some of the principles of the Democratic party, if honest, are too modest to assume an attitude of superiority over those who had tolled during the earlier hours. While the question is one of power, a man who recognizes the dangers that threaten our country, and is anxious to avert them, will not find it difficult to establish friendly relations with an earlier date."

Platform Will Be Plain.

"If the differences between the sincere and the pretended friends of reform cannot be discovered before, they will become apparent when the platform is written; for, if present indications count for anything, that platform is likely to be so plain that no one can mistake it and so strong that

Frankfort, Ky., July 12.—[Special.]—By unanimous vote of the 104 delegates present, following the withdrawal of Judge Benjamin F. Hill, of Henry county, and W. P. Swope, of Owen county, from the race, William Preston Kimball, of Fayette county, this afternoon was made the Democratic nominee for Congress in the Seventh district to succeed Congressman South Trimble. But a single ballot was taken in the convention, which was held in the hall of the House of Representatives in the Capitol, and the withdrawal of Hill and Swope was followed by Kimball receiving thirty-six votes, thirteen more than enough to nominate the gallant Fayette leader.

The Oldham county delegation cast its vote complimentary to Judge James S. Morris, of that county, and the making of Mr. Kimball's nomination unanimous upon his motion in withdrawing his name and casting the four votes of the county for the Fayette candidate. The Henry county delegation interrupted the call to change the vote for Hill to Swope, and Owen county followed that action, giving to Kimball the entire vote of the convention.

The convention adopted resolutions setting forth the necessity for a harmonious union of the Democratic elements in the nation and for consolidation of the party in support of Jeffersonian Democracy as enunciated in the last national platform; welcoming the prospect of Mr. Bryan again becoming the candidate of the party for the presidency; endorsing the administration of Gov. Beckham as "clean, honest and economical, and true to the best interests of the people;" commending the action of the Democratic State Committee in calling a primary election for the selection of the Democratic nominee for the United States senatorship, and endorsing the course of the Kentucky Representatives in Congress in the support and advocacy of those measures which have been for the good of the people.

Thoroughly Harmonious.

The convention, which was presided over by former Adjutant General Percy Haly, was a most harmonious affair, lasting but two hours. There were no contests for seats in the body, and no bitterness shown by the defeated candidates and their friends, who, through speeches by their leaders on the floor of the convention, pledged their earnest and most hearty support to the nominee in the November election. The convention brought to the Capital quite a number of candidates for nominations in the State primary to be held in November, and during the morning hours, before the call to order, these were very busy meeting the delegates and other Democrats gathered for the convention. The candidates present were H. V. McChesney, John B. Chenault, Henry P. Bosworth, Hubert Vreeland, M. O. Winfrey, J. Morgan Chinn, M. O. Casidy, W. B. O'Connell, J. W. Newman, Judge James S. Morris, and Lillard Carter. Congressman Trimble could not be present, and sent a telegram pledging his support to the nominee of the convention.

Bouquets For Bryan.

Chairman W. A. Lee, of Owen county, called the convention to order at 1 o'clock. All of the delegates were in their seats, and with a few brief remarks as to the purpose of the gathering, the chairman called for nominations for the place of temporary chairman of the convention. W. Rogers Clay, of the Fayette delegation, presented the name of Percy Haly, of Frankfort. He began his remarks by paying compliment to Mr. Bryan, which was loudly cheered. He said that the Democratic camp-fires had been kept burning for the distinguished men of the party who had left it in campaigns of the past few years to join with the Republicans in the national fight, and that they would all be back in line in the next fight. John W. Douglass, of Owen county, seconded the nomination made by Mr. Clay.

Dundon Nominated.

Committee Lee next recognized Campbell Cantrill, of Scott county, who arose for the purpose of presenting the name of Judge Dennis Dundon, of Bourbon county, for the temporary chairmanship. The nomination of Judge Dundon was seconded by J. H. Thompson, of Bourbon county, S. J. Douthitt, of Henry county, was designated by Committee Lee to act as secretary.

Change In Conditions.

"The only question we discussed in 1896 upon which there has been any apparent change is the silver question, and that has not been a change in the expected of bimetalism, but in conditions. We contended for more money and urged the free coinage of silver as the only means then in sight of securing it. The increased production of gold has brought in part the benefit we expected to secure from the restoration of silver. The per-capita volume of money in the United States is almost 50 per cent. greater now than it was in 1896, and the benefits brought by this increase have not only vindicated the quantitative theory of money, but have proven the wisdom of the gold standard as the gold standard can claim the triumph of its logic."

"The newspapers have been trying to create friction between what they call 'friends' and 'not friends' in politics. I have no idea that the party will require tickets of admission in the coming campaign. Usually parties are so anxious to secure votes that they are not particular as to whom they admit. I do not know that we can find a better plan than the Bible plan, which admits the eleventh-hour comer to place in the vineyard and to share the reward with those who began earlier. I think this sound politics as well as sound religion, provided the new recruits come to work and not to interfere with the other laborers. But, of course, an overseer has to be selected, expecting that the new recruits will be of the best. Some of the principles of the Democratic party, if honest, are too modest to assume an attitude of superiority over those who had tolled during the earlier hours. While the question is one of power, a man who recognizes the dangers that threaten our country, and is anxious to avert them, will not find it difficult to establish friendly relations with an earlier date."

Platform Will Be Plain.

"If the differences between the sincere and the pretended friends of reform cannot be discovered before, they will become apparent when the platform is written; for, if present indications count for anything, that platform is likely to be so plain that no one can mistake it and so strong that

no enemy of Democratic principles will be drawn to the party." States before Mr. Bryan added that he would discuss the trust, tariff, railroad and labor questions, imperialism, and other issues at length when he reached America.

CROKER WRITES ABOUT.

Wants To See the Nebraska President of the United States.

New York, July 12.—[Special.]—William Hoge, president of the Commercial Travelers' anti-Trust League, which is managing the proposed reception of William J. Bryan when he returns late in August, received a second letter from Richard Croker to-day. Mr. Croker writes that he is hopeful that Mr. Bryan will visit Ireland before he returns to this country.

"I should like very much to be present at the reception of Mr. Bryan in New York and hear his speech," Mr. Croker writes. "I hope to see him President of the United States before I die. He would be a credit to the country."

The committee on plans and scope of the Bryan reception will meet at the Victoria Hotel to-morrow afternoon to conclude arrangements for the affair.

Frankfort, Ky., July 12.—[Special.]—The chairman next recognized W. A. Lee, of Owen, and he made a motion that the chair be authorized to appoint eight members each of committees on Credentials, Organization and Resolutions. This motion was adopted without dissent. The chairman designated Capt. C. W. Longmire, of Lexington, and Oscar Vest, of Owen, to act as secretaries of the convention. The convention, Chairman Haly then announced the appointment of the committees as follows:

Resolutions—John T. Hinton, Bourbon; Henry Moss Kaufman, Fayette; M. J. Mosher, Franklin; George Robertson, Scott; J. H. Clark, Oldham; O. D. Davis, Woodford.

Organization—Al Thompson, Bourbon; W. A. Lee, Owen; A. M. Edwards, Henry; W. F. Blair, Fayette; J. H. Polsgrove, Breckinridge; C. C. Brown, Taylor; T. Willott, Woodford; W. H. Gatewood, Scott.

Credentials—Dennis Dundon, Bourbon; C. Greene, Owen; J. F. Shockey, Henderson; J. H. Clark, Oldham; R. T. Crowe, Oldham; H. H. Gray, Woodford; Campbell Cantrill, Scott.

A recess of thirty minutes was taken to give the committees time to get together. Upon the

FRIDAY, JULY 13, 1936

"Business." July 13.—The New York stock market was under heavy selling pressure, the whole list down from one to four points on yesterday's closing.

Money on call was steady at 2 1/4 to 3 per cent, ruling at 2 1/2. Time loans were strong at 4 1/2 to 5 1/2. Sterling exchange was easy.

The Chicago wheat market was strong, the September contract with a net gain of 1/2 c. Corn was off 1/2 c. Oats were up 1/2 c.

The cotton market opened at a decline of 3 to 4 points, but closed firm at prices 8 to 12 points higher than opening quotations.

The Chicago cattle market was steady to strong, the hog market steady, and the sheep market strong.

Bon Voyage!
A day in New York and then—Europe! This is the immediate programme of the Courier-Journal's party of tourists.

To-morrow the good ship Columbia will ship her anchor and pole her nose to the sea, bearing the young women and their escorts to the Old World. The tourists will then reward after a fair race; the heavy votes cast for them testify eloquently to their personal worth; they are women who will enjoy to its utmost every changing scene and find interest and discriminating interest in every glimpse of foreign life.

They deserve a journey replete with profit and contentment. And here's hoping they will find it so. If it is instruction they seek most, here's hoping they'll come home rich with it; if it is good health they desire most, here's hoping they'll get it in plenty; if it is just a trip of enjoyment and experience they are after, here's hoping it will be this. And, let us whisper—cautiously—if it is romance they are looking for—just so he isn't a titled "never-did"—here's hoping they'll find it also. To each and every one of them, from the Courier-Journal and the home folks—bon voyage!

Curt Jett.
Curt Jett seems to be trying hard to show his race just how low a creature a human being may be. He appears to possess not an infinitesimal atom of those virtues which differentiate a human from a brute. Although in his recent confession he described how he rescued someone who was about to drown in the river at Jackson, that feat of life-saving was offset by the admission that he was engaged at the moment in plotting the assassination of Mr. Marcum. He is hopeless. A dwarf both mentally and morally, a perjurer, a murderer, a coward, a sneak and a hypocrite, he is a hideous monster whose semblance to a man must make all honest men ashamed.

And, at that, he represents to some extent the victim of environment. If even he had a better nature, what chance had it to assert itself, develop and gain the ascendancy? He was obsessed by evil influences during his growth. Dull, stolid, his ignorance nurtured rather than uprooted, he soon surrendered to his surroundings. He is the protagonist of a moral and physical tragedy. He is to be despised for what he is, but, also, he is to be regretted for what he might have been.

Judge Parker's Rejoinder.
Judge Parker's reply to the statements made by Secretary Taft concerning the prosecution of illegal combinations is both timely and pointed. During the campaign of 1904 Judge Parker, as the Democratic candidate for President, declared that it was possible to prosecute the corporations and individuals who were guilty of wrongful acts. The Republican leaders took pains to say that it was not. Judge Parker said the laws then existing were adequate. The Republican spokesmen said they were not.

And yet it is true, as Judge Parker shows, that the current prosecutions in the courts and the indictments that promise further prosecutions are not based on new laws. He puts it quite aptly when he says:

"The Administration has now discovered not only that there is enforceable law against the giving of rebates and law adequate to check illegal combinations, but that the persons engaged in its violation can be punished for it."

The inference that Secretary Taft would have the public draw from his utterances is that these things are due to new statutes; that the vindication which the law is now receiving is due to congressional action since 1904. But that is not so. Not one of the successful prosecutions for which the existing Administration is now entitled is based on any new statute.

"There was some excuse for the efforts made by the partisans of the Administration in the year 1904 to create the impression that nothing could be done without new law, for an admission of the fact would have satisfied the public that the criticism leveled against it was justified. But there is no excuse at this time, for the claim of Secretary Taft that my assertion in 1904 that existing law is adequate to put an end to all trust and corporate abuses was inaccurate."

The decisions of the United States courts, both civil and criminal, during the past year are appealed to as decisive of the question as to whether Secretary Taft or myself is right.

The railroad legislation and other legislation pertaining to corporate methods and usages enacted at the recent session of the Congress has not become effective. The court proceedings of which Mr. Taft boasts could not have been based on it. They must have been founded on the pre-existing laws. So the question naturally follows: Why did the Republican managers deny so vehemently in 1904 the efficiency of laws which Judge Parker claimed were adequate and which have been proved adequate by recent prosecutions except for the purpose of shielding the inactivity of a party whose whole sympathy was with the pampered trust magnates who provided its boodle funds in exchange for "protection" of various kinds?

It is not inopportune to recall that Judge Parker's charges of corruption, which were so wrathfully denied by Theodore Roosevelt, then the Republican candidate for President, were afterwards proved true. More and more is Judge Parker vindicated in certain of his statements which most stirred up the Republican "animals" in 1904.

conducted during the Civil War. Another Southerner of note was Capt. Nathan Boone, the youngest son of Daniel Boone, who greatly aided in furnishing data for an early map of Iowa.

Robert E. Lee was also intimately associated with the early history of Iowa. It was probably owing to his report in 1838 that Iowa received her name, and some claim that Lee county was named in honor of him. Fort Atkinson was named after Henry Atkinson, a North Carolinian, who took part in the Black Hawk war, and here were stationed among others Lieut. Simon B. Buckner, Henry Heth, Abraham Buford and Alex. W. Reynolds, all of whom became general officers in the Confederate army. Another figure was Henry Dodge, a native of Indiana, but who spent his youth in Kentucky.

The first frontiersmen, says Prof. Herriott, other than Canadian traders and trappers, were doubtless Kentuckians. Among them are named Sergt. John Floyd, Col. James Johnson, brother of R. M. Johnson, and Col. James Simlar. Mention is also made of a notorious mining character, "Kentuck Anderson," who had a great reputation as a flat fighter, but who in 1836 was killed near Dubuque. The first United States Marshal was Gideon S. Burley, a native of Kentucky. G. W. Jones, already mentioned, was a native of Vincennes, Ind., but was educated at Transylvania University in Kentucky.

In the Iowa constitutional convention of 1844 there were eleven Virginians, six North Carolinians, eight Kentuckians and one Tennessean, while all New England was represented by ten. By the Federal census of 1850 Iowa had 5,535 natives of New England and 20,954 Southerners. Of the latter Virginia supplied 7,861 and Kentucky 8,994. Thus there were more Kentuckians there than from the six States of New England.

Prof. Herriott thinks that the predominance of Southern stock among Iowa's pioneers, the prevalence of Southern traditions among the dominant political forces of the State prior to the Civil War had ineradicable effects upon the life and institutions of Iowa. This is probably true, but the latter influence of railroads in bringing to Iowa so many from Northern States and from abroad largely counteracted the Southern influences that resulted from the popular early mode of travel by way of the Ohio and Mississippi rivers. To such an extent is the destiny of localities controlled by material and economic considerations.

Invited On Special Train.
Charles B. Norton, chairman of the Board of Public Works, was given permission to make a statement. He said that on behalf of the Merchants' and Manufacturers' Association, the Retail Merchants' Association, the Commercial Club and Board of Trade, he desired to extend an invitation to the members of the lower board, to be present at the annual meeting of the board, to be held at the State Fair, to be held at the State Fair, to be held at the State Fair.

The board adopted an adjournment resolution to the effect that the general council adjourn to meet Tuesday night, July 13, at 8 o'clock, at a quorum, but at the expiration of that time no quorum had been secured, and the lower board adjourned.

In the Board of Public Works, the board adjourned at 11 o'clock, only four members had shown up. Aldermen Cook, Gilbert, Alderman George J. Butler is in New York, and Alderman Wallace Embury is in Colorado. President Owen Tyler, however, could not be seen.

The board adjourned until 11 o'clock this morning, when an attempt will be made to carry out the resolution adopted by the lower board.

WINDS UP
WORK OF THE HOME-COMING COMMITTEES.

Small Balance Left To Be Turned Over To Commercial Club.

A meeting to wind up the affairs of the Home-Coming Week celebration was held in the directors' room of the Commercial Club yesterday. Final reports from the various committees were made, and the balance sheet was presented.

The committee on Foster State reported that \$285.28 had been contributed by the school children of which had been disbursed in the payment of the sculptor and other expenses connected with the committee work. There was a deficit of \$15.00, which was paid out of the general fund.

The most interesting report of all was the general financial report which showed that after all obligations were paid there would be a small balance in the way of surplus. This sum, it was decided, will be turned over to the Commercial Club as a special fund to be used by the board of directors for any public enterprise in which the entire city is interested.

The grand stand which was built in the Army in connection with the celebration was presented to the First Regiment to be used for whatever purpose they might desire.

With this meeting the labors of the various committees ended.

Fall May Be Fatal.
Richmond, Ky., July 12.—[Special.]—William Buckley, of the firm of Taylor & Buckley, Hardware Company, died this afternoon from the warehouse of the J. W. Zaring Grain and Milling Company, after a long illness.

His left arm was broken and he was otherwise injured. Up to a late hour to-night, Mr. Buckley was in an unconscious condition.

Catholic Priest Drowned.
Marquette, Mich., July 12.—Bishop Dowling has received word that the Rev. Father John J. Sullivan, a Catholic priest at that place, had been drowned in a sudden squall.

APPROPRIATES \$50,000 FOR FAIR

Lower Board Takes Unanimous Action.

No Quorum In Upper Board Last Night.

Another Meeting Will Be Held To-day.

ALL GOING TO FRANKFORT.

The lower board of the General Council last night unanimously adopted a resolution appropriating \$50,000 for securing the State Fair for Louisville. Only five members of the Board of Aldermen were present, and an adjournment was taken to 11 o'clock this morning, when the members will act on the resolution. The lower board also unanimously accepted the invitation of the commercial organizations of the city to make the trip to Frankfort to-morrow, when the proposition of Louisville will be held before the State Board of Agriculture, Forestry and Immigration.

The lower board was called to order by President Blittz a little after 8 o'clock, with eighteen members present. Councilman Christen came in later. Dennis A. Fitzpatrick, a member of the Council of Cincinnati, O., was present and occupied a seat by President Blittz.

After the communication from Acting Mayor Owen Tyler, calling attention to the State Fair and the advantage it would be to Louisville as a permanent institution, had been read, Councilman Stout offered the following resolution, which was adopted without a dissenting vote:

Resolved, By the General Council of the City of Louisville that if the State Board of Agriculture, Forestry and Immigration will permanently locate the State Fair within or near its city limits the city of Louisville will, as a consideration, appropriate and turn over to the said board the sum of \$50,000 for the purpose of erecting a permanent building for the use of the General Assembly, approved March 21, 1935, relating to the establishment and maintenance of a State Fair.

Will Raise Frogs.
Frank Corley, the popular County Clerk of this county, is securing the county for frogs at \$1 per dozen. He is just emerging into the industry of frog breeding, from which he hopes to realize a net profit of \$100,000. He says he can put his whole energy on one thing, and he is about town hunting frogs for Frank, and if his visions come true the industry may rival the Standard Oil enterprise.

NEWS AND COMMENT FROM STATE PAPERS

Want Fair In Louisville.

Western Kentucky is in favor of Louisville as the place for holding the State Fair. Why go away to London or Lexington? Let the location be central, where people from all parts of the Commonwealth can get to it.

Louisville should have the exhibit, for she is the first-class city of the State, and there is not a citizen of Kentucky who is not proud of the place. The city now ranks with the best of them from every point of vantage. She is behind in nothing and leads in many ways.

Louisville should provide large and commodious quarters for the State exhibit, and every county should take pride in sending her products to it. The fair should be a two-weeks affair, in order that everybody might have an opportunity to attend. Four or five days is not sufficient.

Make it a big annual event, and of sufficient attractiveness that every man, woman and child will want to go.

Make the exhibit complete in every detail; make it a stupendous affair, and to cover every detail it will necessarily be complete.

Let everybody unite and make Louisville the annual meeting place of every citizen of Kentucky, and let every citizen in his friends and relatives from other States to visit him and his family one of the greatest events in the United States, given in the best city.

The Home Coming demonstrated how Kentuckians love Louisville and her people. Now let the Home Coming be the annual State Fair.—(Paducah News-Democrat.)

That an Oyster Bay Squire should have deemed it necessary to impose a fine of \$10 on one of the President's guards for striking a photographer, shows that even in the opinion of a local magnate in the President's own village unnecessary violence was used in protecting him from annoyance. It does seem hard, however, that the President—or anybody else—should be treated as a prisoner.

ON THE FUNNY BONE.

A Siesta Song.

Oh, I'd like to go and lie looking up into the sky,
On a mossy bank beneath the spreading tree,
Where the water lilies play half the night and all the day,
And the poppies bow and beckon in the breeze.

Yes, I'd like to go and drowse where the mystic bulbuls bellow,
Where the brownies will amuse you if you wish;
Where the water lilies play and the poppies bow and beckon in the breeze.

And the water's going awish, awish, awish,
I would like to go and dream close beside some placid stream,
Where the alders meet in arches o'er the water, and the willows wait for the moon.

There I'd like to go and nod, with a basket and a rod
As a

SENSATION ON EASTERN TURF

Jockey Club Stewards Revoke License of Trainer John Shields

BECAUSE OF GO BETWEEN.

Former Racing Partner of E. R. Thomas Will Not Race His Horses For Month.

THE PROTEST IS RENEWED.

NEW YORK, July 12.—The stewards of the Jockey Club, the controlling body of the Eastern turf, tonight took drastic action in the matter of the horse Go Between which won the Suburban Handicap at Sheepshead Bay when Alexander Shields, who was a riding partner of E. R. Thomas, was subsequently protested on the ground that he was a stallion.

The trainer's license of John Shields, who handled Go Between, was revoked and all horses, the property of Alexander Shields, owner of Go Between, Ormond's Right, Halfax and other good performers, were disqualified for thirty racing days. Alexander Shields is one of the best known men of the Eastern turf and former racing partner of E. R. Thomas, in whose colors Hermis was the most of his important races. Shields won the third race at Brighton Beach today, and is considered one of the best sprinters now in training.

The action of the stewards to-night came as a surprise, for it was thought that the Go Between matter had been settled by a ruling passed several days ago that a fine of \$10 should be paid for each stake engagement in which the horse of Mr. Shields had been entered without a proper declaration.

Protest against Go Between's winning of the Suburban Handicap was made by Frank R. Hitchcock, half owner with John E. Madden of the horse Danadon, which ran second in the big stake. The protest was made to the stewards of the Coney Island Jockey Club, which conducts the racing at Sheepshead Bay, and was not allowed because it was shown no declaration had been given and the horse at the time he was entered. An examination was ordered, however, and upon the report of the veterinarians the protest was renewed to the Jockey Club, this time against the entrance of Go Between in his future stake engagements.

JOCKEY KOERNER GETS A CONTRACT

Louisville Boy Will Ride Harry Payne Whitney's Horses From Now On.

NEW YORK, July 12.—(Special.)—Jockey Koerner was the brightest star of the racing at the Brighton Beach track today. This had not only won two races and carried off the honors in the saddle, but he managed to place a rich plum in the shape of a valuable contract to ride Harry Payne Whitney's horses for the remainder of the season.

Koerner followed up his clever work of Wednesday by riding Penaria and Umbrella. Both winners were at long odds. The former was backed from 15 to 1 down to 7 to 1 and was the medium of a "killing" by Bob Tucker and W. Harry Brown; Umbrella was at 12 to 1 and went practically unbacked.

SY SEYMOUR SOLD TO NEW YORK.

Cincinnati, July 12.—I. Bentley Seymour, better known as "Sy" Seymour, the famous centerfielder of the Cincinnati National League Club, was sold to the New York Nationals to-night. The price paid was not given out. Seymour led the National League in batting last season.

Committee's Delay Due To Failure of Contestants To Furnish Evidence of Their Claims.

MAKES GOOD HIS ESCAPE.

James O. Ryan, colored, shot and instantly killed his sister-in-law, Mammie Pettus, and shot and seriously wounded his wife, Susie Ryan, shortly after 10 o'clock yesterday afternoon. The shooting occurred on Preston street near Kentucky street, and occasioned great excitement in the neighborhood. According to several witnesses it was entirely without provocation. Immediately after the shooting, Ryan escaped with the crowd and up to a late hour last night had not been captured, although the police conducted a systematic search for him until far into the night. It is believed that he is in hiding at some point along his river front.

According to others who lived in the same house with Ryan and his family at 1602 Preston street, Ryan came home from work about 5 o'clock with a bullet in his heart. As soon as he entered the house he flourished a pistol and began to use vile language. When some of the occupants of the house remonstrated with him he assumed an air of bravado and dared anyone to come within the distance of him. It is said that his wife and sister-in-law then begged him to leave the house, but he refused to do so. Ryan then ran into the street and made his escape in the crowd which gathered at the scene of the shooting. He is described as a "yellow" negro, about thirty-five years old, of slender build and tall, with slightly drooping shoulders. He was employed at a tobacco factory at Twenty-second and Broadway.

At the City Hospital where Ryan's wife was taken, it was said last night that she had a chance to recover. The bullet entered her left side and was extracted.

COMPLETE VINDICATION FOR ALFRED DREYFUS

Accused Man Will Be Restored To Army With Rank of Major—Early Promotion In Sight.

Paris, July 12.—Alfred Dreyfus was today completely acquitted of the charges on which he was condemned as traitor, dismissed from the army and imprisoned on Devil's Island, regarding which France has been torn for years by the most bitter political and racial agitation. His vindication is the result of a long and arduous campaign, and the Ministry later doing to present an urgent bill in Parliament restoring Dreyfus to the army with advanced rank and otherwise giving preference.

The decision of the court was a foregone conclusion. Exhaustive inquiries had completely demolished the case against Dreyfus, showing that the real culprit was Maj. Count Esterhazy. The decision, therefore, annulled the condemnation of the traitor, and ordered that the acquittal be posted and published throughout France.

Overnight the Ministers held a protracted special session at the Elysee Palace under President Fallieres, and determined on the Government's course.

SEVERAL SPEECHES

Will Be Made At Mass-Meeting To-Night.

Citizens Determined That Caldwell Property Shall Be Bought For Park Purposes.

The Southeastern Park Association will hold a mass-meeting to-night for the purpose of urging the city to purchase for park purposes that part of the Caldwell property included between Jackson and Jackson streets and Camp and Gwendoline streets. The people in this section are greatly interested in securing this tract, and have held several mass-meetings in order that ways and means might be devised for its purchase. It is one of the few interior spots available for a public breathing space, and it is felt that if the opportunity afforded now by the offer of D. F. Murphy, superintendent of the real estate department of the Fidelity Trust Company, is not taken advantage of, it will be impossible ever to have an interior square in this neighborhood. This section of the city is thickly inhabited, and the entire neighborhood is enthusiastic in its efforts to secure the purchase of the property. These mass-meetings have been attended by thousands of people, and probably the largest crowd of all will be present to-night.

Three days ago a petition was circulated in the vicinity of the property desired for a park, to be presented to the Council, and so far several thousand names have been signed to it. The real estate department of the Fidelity Trust Company, is not taken advantage of, it will be impossible ever to have an interior square in this neighborhood. This section of the city is thickly inhabited, and the entire neighborhood is enthusiastic in its efforts to secure the purchase of the property.

SPALDING COLEMAN FINDS SISTER IN SERIOUS CONDITION.

Member of Ursuline Order and Has Done Much Work In Building Schools.

Spalding Coleman, a member of the Board of Public Works, returned yesterday morning from Cincinnati, where he had gone on account of the serious illness of his sister, Sister Fidelia, of the Ursuline convent, Brown county, O., and for the last twenty-five years has been the assistant to the Mother Superior. Endowed with natural business capacity, which, it is said to have inherited from her father, Capt. John Coleman, who was one of the leading business men of Louisville, before he came to this city, Coleman has been in various parts of Ohio in an earnest endeavor to further the education of the poor.

Sister Fidelia is fifty-eight years of age. Besides Spalding Coleman, Sister Fidelia has two brothers in Louisville, John Coleman and Thomas Coleman.

WOMEN SKATERS WILL CONTEST FOR PRIZE.

Skating enthusiasts are to have their fun again to-night at the Fontaine Ferry Park rink, when the fourth in a series of contests to determine the most graceful skater on the lake will be held. The contest set for to-night is for lady skaters only, and a pair of nickel-plated roller skates will be awarded as the prize. The winner will be selected by ballots cast by the spectators. It is probable that a large crowd will be on hand to witness the sport, as roller skating has taken a firm hold on the fancy of the patrons of the park.

Pupina, the dancer, will continue at the park for another week, having been re-engaged to head the vaudeville program at the summer theater. Her dances make a beautiful stage offering and the act is one of the most popular in vaudeville. Other good acts are booked for the coming week.

LICENSE BOARD TO HEAR FAWN SALOON CASE.

The License Board will meet at 2:30 o'clock this afternoon in the Aldermen's chamber to hear complaint against the Fawn Saloon Company, which is charged with violating the Sunday-closing law by selling intoxicants on Sunday. The Fawn Saloon Company is a corporation, and the officers of the company will be cited to show cause why the license shall not be revoked.

FUNERAL SERVICE TO-DAY FOR FATHER VINCENT.

The funeral services of Father Vincent, chaplain of St. Joseph's Orphan Home, will take place this morning at 9 o'clock from St. Peter's church. Solemn requiem mass will be said. The funeral sermon will be preached by Father Thaid. The body will be taken to Syracuse, N. Y., for burial.

BRIEF FILED.

Hoffman's Attorney Takes Action—Bond Fee Dispute.

JUDGE MILLER WILL DECIDE THE CASE NEXT WEEK.

INJUNCTION ASKED TO PREVENT DOG FROM KILLING CHICKENS.

ATTORNEY SUES FOR FEE.

Judge Shackelford Miller said yesterday that he would hand down an opinion next week in the case of the rule taken out by Charles Albion against Magistrate Frank Hoffman upon the allegation that he has been overcharging for ball bonds. It is an effort to make Hoffman pay back \$1.75 of each bond fee of \$2 he has charged and also to show cause why he should not be fined for the alleged overcharge. Mace Lieber, attorney for Hoffman, filed a brief with Judge Miller yesterday morning giving further reasons for Magistrate's charge to \$2 instead of twenty-five cents for bond fees.

The brief contends that the taking of a bond is in effect a judicial inquiry and that the statute provides a fee of \$2 where Magistrate sits in such inquiries. Chesley Searcy, attorney for Albion, contended that the brief of Mr. Lieber gave no justification to Hoffman for the charge and asked for judgment for the alleged overcharge and for a fine against Hoffman.

Say Dog Kills Their Chickens.

Fred Rapp, a foreman at Ahrens & Ott Manufacturing Company, and his wife, May Rapp, yesterday applied for an injunction against George, Elizabeth, Frank and Florence Horton, their next-door neighbors on Berry avenue, to prevent the defendants from quarreling and fighting with their chickens. It is alleged that the defendants have conspired together to make the plaintiffs pay for the property of a dog trained to catch chickens and that he had destroyed a number of chickens belonging to the plaintiffs. It is charged that they habitually insult Mrs. Rapp and that her health has been impaired. It is averred that they attempt to provoke Mr. Rapp into an assault upon them and that they frequently engage in quarrels and fights among themselves and use vulgar and indecent language. Judge Miller granted a temporary restraining order against the defendants and fixed July 17 as the day for hearing argument.

Wills Tendered For Probate.

The will of William Williams, dated November 28, 1905, and tendered for probate yesterday, provides that his two daughters, Hattie Williams and Ruth Sturges, shall receive his property. He preferred them over the other children, he said, because he felt that they needed it most because he did not care for the others just as much. Hattie Williams is made executrix without bond.

Suit For Lawyer's Fee.

Harry W. Robinson, attorney, yesterday filed suit against Dr. J. C. Williams, a dentist, for \$1,000, which the plaintiff says is due him for legal services. Mr. Robinson declares in his petition that he attended to the case of the late Dr. Williams, who he designates as "the Tevis matter," in which \$35,000 worth of the deceased's property was involved, and which was brought to a successful conclusion.

PLANS COMPLETE.

Newsboys Will Own Fontaine Ferry To-morrow.

PONY AND CART TO BE GIVEN AWAY IN AFTERNOON.

PRIZE FOR SOMEONE EVERY FOUR MINUTES.

MANY ATTRACTIVE FEATURES.

Practically all arrangements for the Newsboys' Home Benefit to-morrow at Fontaine Ferry Park have been completed. The entrance gates will be thrown open at 10 o'clock, and from that time until the closing hour at night there will be "something doing" every minute. Hundreds of prizes will be distributed among the throng present, and it is estimated that a prize varying in value from \$1 to \$400 will be given away every four minutes.

The thirty amusement devices at the park will be run throughout the day and evening, and these will be supplemented by the large number of special amusements provided by the committee in charge of the benefit.

First in importance to a large number of those who will be present will be the giving away of the pony and cart, and the Kurtzman piano. The youth of the city has become greatly worked up over the pony and cart, and the fortunate child who wins it will be envied by every youngster in town. The pony is a beautiful Shetland variety called "Chestnut," and is partly white and partly chestnut. During the last week the little animal has been thoroughly tested by being driven about principal business streets by small boys, and has never shown the slightest evidence of fright even when driven by the least expert. The cart is a new four-wheeled affair, and is very comfortable and roomy. The Kurtzman piano, parlor suit of furniture, case of condiments and women's tailored suit will be given away during the evening. Every adult going to the park in the morning, afternoon or evening will be given a ticket on the piano.

....

Last Day of Ticket Contests.

This will be the last day for the competition in selling tickets, and all those working for the prizes offered will be at the park from 10 o'clock to-morrow morning. The first prize will be an automatic sewing machine or its equivalent in gold. The second, third and fourth prizes are \$25, \$15 and \$10 respectively. Everyone selling 250 tickets will be given a certificate of tuition to any department of the Spaulding Commercial School. To those selling 500 will be given a gold watch, and to all selling 1,000 tickets will be given a pair of ball-bearing steel roller skates.

Besides the prizes mentioned, hundreds of other prizes of real value have been donated to the committee by the donors, and will be given away during the day.

INTERIOR PARK

To Be Established Immediately By Commissioners.

USE OF LAND DONATED TO CITY BY C. M. PHILLIPS.

BOARD BUYS PROPERTY ON OTHER SIDE OF STREET.

WILL BE TEN ACRES IN ALL.

An interior park of approximately ten acres will be provided for residents of the East End by the purchase of a piece of property yesterday by the Board of Park Commissioners and the gift of C. M. Phillips. A triangular section of land included between Von Horries and Castlewood avenues was acquired by the Board of Park Commissioners at a cost of about \$2,000. It was purchased from E. A. Goddard. The negotiations, which have been pending for some time, were consummated through D. F. Murphy, superintendent of the real estate department of the Fidelity Trust Company. The property lies in the acute angle formed by the intersection of Von Horries and Castlewood avenues. It is directly across Von Horries avenue from the property donated by Mr. Phillips, and the entrance probably will be through the arch formed by the steel bridge which spans the valley at this point on Von Horries avenue. This bridge was built under the last city administration at a cost of about \$40,000. The connecting roadway for the two sections of the park will be through the arch of the viaduct. The new park is only about 500 feet from the new boulevard which is being constructed to connect all the large parks.

The tract presented by Mr. Phillips is bounded by Von Horries, Edenside, Rosewood and Edenside avenues, and embraces about six acres. According to the terms of the gift, becomes the property of the city in perpetuity as a recreation ground. The only condition of the grant was that the property as a playground should be maintained by the Board of Park Commissioners.

The new park is in the center of a residential section, and it will be made one of the most attractive interior parks in the city.

The property at present is unimproved, but plans are being made by Cecil Fraser, Engineer of the Board of Park Commissioners, to beautify it immediately. The tract is a very desirable one, and will lend itself admirably to picturesque landscape effects. Paths will follow the line of the viaduct, and flower beds and rustic bridge work will add to the beauty of the playground.

The Park Commissioners are very much pleased with the generosity of Mr. Phillips in making possible the carrying out of its idea to secure a large number of interior parks that can be enjoyed by the residents in their immediate neighborhoods. Von Horries avenue, which traverses the tract, is a highway much used for driving.

AN OPEN QUESTION

WHETHER RECTIFIERS MUST PAY ON DOUBLE STAMP GOODS.

Those Affected May Appeal To the Courts For a Decision.

"I construe the opinion of Attorney General N. B. Hays, in his letter to Auditor S. W. Hager, as a victory for the rectifier. It seems to me that in the matter of reports at least, which is the only matter that has really come up, the whiskey men are in the right," said a prominent Main-street distiller yesterday morning. "We filed our reports in accordance with the law as we understood it, and they were rejected. Now, after the opinion of the Attorney General, which they have accepted, the language of the opinion is very plain, and it states that no blanks are to be furnished for reports by the Auditor, which implies that the reports which are furnished by us were correct according to the ruling of Mr. Hays.

The question of single stamp and double stamp goods, this seems to me to be a litigable matter. I don't say that we are going to test it in the courts, but we may. It is a matter of single stamp spirits, and it is a matter of single stamp spirits. The point at issue is whether the goods can be included under the act."

This statement was made in reference to the decision of the Rectifiers' Tax Act, which provides for a license tax on compounded, rectified, or otherwise treated spirits, known and designated as single stamp spirits. The point at issue is whether the goods can be included under the act.

March 28, 1906, known as the Rectifiers' Tax Act, which provides for a license tax on compounded, rectified, or otherwise treated spirits, known and designated as single stamp spirits. The point at issue is whether the goods can be included under the act.

The Attorney General, which is construed by the Auditor, is in effect an endorsement of the rectifier's act, and it is believed that the matter will be tested in the courts to see whether the act is valid or not. The provision for the double stamp spirits.
